

Manual dispensing nozzles made up of plastic and aluminium body, equipped with swivel connection. For their features, they can be applied on every transfer system, also operating for gravity.

Art. 093-5199-000 Manual plastic nozzle "MP120"

for diesel fuel transfer

Flow rate 120 l/min

Plastic body

Swivel connection F 1"

Art. 093-5200-000 Manual nozzle "MC80"

for diesel fuel transfer

Flow rate 80 l/min

Aluminium body

Swivel connection F 1"

Art. 093-5202-000 Aluminium manual nozzle "MC100"

for diesel fuel transfer

Flow rate 100 l/min

Aluminium body with plastic lever

Swivel connection F 1"
